22.11.17. In the Budget for 1917-18 a lump sum provision of Rs 3,50,000 has been made as a Special Reserve for Non-Recurring expenditure. The initial grant of Rs 5000 asked for may be met from this provision.

The amount required during the remaining months of the current year on account of the monthly grant of Rs 200 will be about Rs 1,200. This may also be met from the same provision or from savings in the lump sum provision of Rs 7,16,000 for grants-in-aid in the Educ Budget under the head V Primary Education.

The services of Mr G.R. Joyser of the Educ Deptt are asked for for being appointed as whole time Secretary to the

to the Central Committee. The Dept of Edn may be consulted on the question of meeting the monthly grant from the Source in the Edn Deptt Budget.

On principle, there seems to be no objection to the grant of the assistance sought. Similar movements have hitherto received liberal aid from Government, in many cases, e.g., the Depressed Classes Mission, the Mahila Seva Samaj, Theosophical Society, the Century Club. The Social and Civic Progress Association itself received a small grant of Rs.250 at the time of the last conference.

In Baroda, the State takes a more direct part in Civic and Social progress as the following extracts from the last administration report will show:-

" Four Itinerant Religious Preachers were attached last year to certain temples in Baroda and Amreli districts, their duty chiefly being to go about in the respective Mahalas from village to village and to enlighten the villagers by preaching on religious and social questions on advanced lines. Two such additional preachers were appointed in the course of the year.

Devasthanam Assistant.

In addition to inspection and the usual work in the Head Office, he has been entrusted with the duties of studying social and religious evils and

and suggesting necessary remedial legislation, and also with the work of preparing in the vernacular critical and explanatory books on the common religious rites and ceremonies, for the education of the people."

Considering the magnitude of the work to be done and the amount~~s~~ of grant~~s~~ given in other cases, the help asked for is moderate, and may be sanctioned.

The Financial Secretary will be consulted after administrative approval has been given.

There seems to be no need to consult the I.G. of Education, as Mr. Josyer may not long remain in the Education Department. He is one of the persons selected as Probationers.

Chief Secy) NM 24/11/17

The initial & monthly grants asked for may be given.

Mr G.R. Josyer has been appointed probationer in the I & E Dept on a pay of 100 Rs. If his services are to be placed at the disposal of the Association his standing in the I & E Dept, his training for work there & his prospects require consideration & orders. It is also a question what supervision should be exercised over his work in the Assoch & by whom.

File put up herewith

Office of the Dewan of Mysore.

NOTE.

Dated 4th January *191*8.

With reference to certain requests made by the Civic and Social Progress Association and His Highness the Yuvaraja's letter dated 29th December 1917, in the matter, I submitted the case to His Highness the Maharaja on the 3rd instant. His Highness was agreeable to the loan of the services of an officer of the rank of Assistant Commissioner for Civic and Social work for a year and to the payment of a grant of Rs.5,000 to the Association.

2. The proposals may be scrutinised and if His Highness the Extraordinary Member is satisfied that the money would be properly utilised, the formal sanction of His Highness the Maharaja may be obtained.

The two names suggested by the Chief Secretary seem most suitable. Only we do not know whether the officers would be willing to take up this work. They will have to be given an allowance of between Rs.50 and 100.

The Chief Secretary will oblige by consulting quite unofficially, the officers named as well as the President of the Association and get the matter settled promptly.

The Civic and Social work will be in a state of suspended animation till this reference is finally decided. So, I shall be glad if both the questions of an officer and the grant required, are ~~should be~~ settled within a fortnight.

Dear Mr. Banerji,

I am sending herewith two files for favor of an expression of your views. In the one relating to the Civic and Social Association, the draft submission note is slightly different from the resolution passed at the meeting of the Council. This modification was made at the suggestion of His Highness the Yuvaraja who is very keen on the work and I agree with him.

I am anxious that we should not lose time and propose to submit the file to His Highness if possible to-day.

The second file is about a grant of Rs.2,000 to the Industries & Manufactures Sub Committee of the Bangalore City Progress Committee for certain investigations. I wanted to speak to you on this matter last Friday but you were not in the office. I am in favor of giving the money under due precautions that it is not wasted. It is a small sum and we shall be sowing broadcast.

I am busy with odds and ends of work this morning as I have to leave to-morrow, otherwise I should have called myself to talk things over with you.

Yours sincerely,

Sd M. Visvesvaraya

Dear Sir M. Visvesvaraya,

In returning with thanks the file of papers about the help to be given to the Civic and Social Association, Mysore, I write to say that I have no objection to the modification suggested in the Submission Note viz., that the initial grant of Rs.5,000 be given unconditionally.

With reference to paragraph 2 of your D.O. regarding the grant of Rs.2,000 to the Industries & Manufactures Sub Committee of the Bangalore City Progress Committee, I have no objection to your proposal to sanction this grant, specially as the scheme about a Research Bureau has not yet materialised. I hope, however, that due precautions would be taken to see that the money is not wasted. The place where the experiments are to be conducted is not specified and I do not know where the furnace, pans, tanks etc., are to be erected. Considering we ~~require~~ give a large sum of money as grant to the Institute of Science, I think we have got a claim on that Institution

Institution for conducting these experiments.

Yours sincerely,

Sir M. Visvesvaraya K.C.I.E.,

Dewan of Mysore.

Submitted to His Highness.

The Vice-President, on behalf of the Civic & Social Association, Mysore, has made the following requests for assistance from Government :-

(1) The loan of the services of an officer of Government,

(2) A non-recurring grant of Rs5,000 for initial expenses connected with the work, and

(3) A recurring grant of Rs200 per mensem.

The Association proposes to carry on wide propaganda work in the cause of social and civic progress and has already made a beginning under the guidance of His Highness the Yuvaraja who is its President. Its activities are at present confined to the cities of Bangalore and Mysore, but it is hoped to gradually extend operations to other parts of the State.

2. In view of the importance of the work and the need for some financial support at the beginning, the Council are of opinion (a) that the services of an officer, namely, Mr. M.Rama Rao, Acting Assistant Commissioner may be placed at the disposal of the Association for one year and that a local allowance of Rs75, besides his grade pay be given to Mr. Rama Rao, the entire charge being borne by Government, (b) that a recurring grant of Rs200 per mensem be made for a period of one year and (c) that as regards the initial grant, a sum equal to the amount collected by the Association from the public but not exceeding Rs 5,000 be contributed by Government.

Page 16 of Office notes

3. The Financial Secretary is agreeable to the proposals.

4. After further consideration of the matter, the Extraordinary Member and myself are of opinion that the proposed restriction as regards the initial grant need not be

insisted upon and that the full amount asked for, namely - Rs5,000 be given at once without any conditions. The Second Member has also since agreed to this modification.

5. I submitted the case to His Highness in person on the 3rd January last, when His Highness was pleased to give preliminary approval to the loan of the services of an officer of the rank of Assistant Commissioner and the payment of a grant of Rs5,000 to the Association.

6. A suitable officer has now been selected and further details have been worked out, in consultation with the Extraordinary Member. The final proposals contained in the accompanying draft order may be graciously approved.

7. We are spending large sums of money on education and other objects connected with the moral progress of the people. The aims of the Association, viz., promotion of thrift, sanitation and a higher standard of social life seem to fully warrant the moderate support recommended for it.

IV. Elevation of Depressed Classes.

(12) Every boy should be at school till he is twelve years old.

(13) Every adult male or female should have a definite occupation.

(14) Every head of a family should endeavour to be free from debt.

V. Promoting Art, Literature, Science and the Study of Local and World Affairs.

(15) Every literate citizen should make it a point of reading books and newspapers of general information according to his opportunities, at least once a week.

(16) A list should be maintained of all persons engaged in art, literature and science.

3. Immediate steps necessary to place the Central Committee in an efficient working order.

(1) Reorganising the work of the Committee and the Association on the lines given in Section 1 (B) (including the appointment of one Vice-President and one Secretary, instead of three as at present).

(2) Applying for the services of a Government officer to be for employment as Secretary.

(3) Collecting a sum of at least Rs. 6,000 for the work of the Central Association during the year. A suitable initial grant and a recurring grant of Rs. 200 per month may be applied for, from Government.

(4) Preparation of correct standards in respect of each of the objects of the Committee, signed by a dozen of the leading gentlemen, and also pamphlets explaining the various standards.

(5) Taking steps for organising local committees for unit areas.

4. Steps necessary to organise work in Local Areas.

(1) Organising work according to details given in Section 1 (B).

(2) Appointment of enumerators and workers.

(3) Obtaining the consent of people to the standards laid down by the Central Committee.

(4) Collecting statistics of progress in the prescribed form.

(5) Collecting funds. A suitable contribution may be applied for from Municipalities and Local Boards towards the sanitary propaganda of Local Committees.

Note.—The Bangalore Committee may confine itself to work connected with Bangalore, *i.e.*, may be the Local Committee for Bangalore City. It may transfer a portion (about $\frac{3}{5}$) of its funds and papers to the Central Committee at Mysore.

or local body for help especially in regard to sanitary propaganda, and (*d*) in any other feasible manner.

2.—Tentative Standards of Work.

The programme of work to be pursued has already been laid down in a general way.

In order to give definiteness to the propaganda and to render the gauging of results possible from month to month, the following standards or principles may be tentatively adopted, and they should be perfected in the course of the year.

I. Reform of Social Customs.

(1) The expenses on account of marriages and funerals should not exceed the following scale:—

	People of the Higher class.	People of the Middle class.	Common people.
Marriages ...	Rs. 1,500	Rs. 200—500	Rs. 30—100
Funerals ...	Rs. 300	Rs. 50—100	Rs. 10— 20

(2) No girl should be married before she is twelve years old.

(3) No boy should be married before he is able to earn his livelihood.

(4) No dowry or other pecuniary consideration should be demanded or accepted on account of marriage.

II. Promotion of Cleanliness, Orderliness and Sanitation.

(5) The head of every family should arrange for the proper disposal of the solid refuse and liquid sewage of his house.

(6) Every room in a house should be kept clean and tidy, though not necessarily furnished.

(7) The residents of a street or ward (about 200 families) should combine and collectively undertake to keep the locality clean, either with their own labour and funds or through the agency of the municipality or other body responsible for sanitation.

III. Promoting Business Morals, and Habits of Industry and Co-operation.

(8) Every citizen should endeavour to keep the members of his family busy and employed.

(9) Every citizen should endeavour to be free from debt.

(10) Every adult male should work 6 to 10 hours a day.

(11) Every citizen should co-operate in some form of public work, by giving his money or personal services for it.

B.—Organization in Local Areas.

(1) A Local Committee composed of a President, a Secretary and three to seven members, one of whom will be vigilance member, should be constituted in each unit area, in order to systematise and develop social and civic activities in that area.

(2) The Committee should meet at least once a month.

(3) It should prepare a programme of work at the beginning of every year, giving prominence to the standards enunciated by the Central Committee.

(4) It should arrange to popularise the standards laid down by the Central Organization by means of lectures, leaflets, etc.

(5) It should appoint enumerators, at the rate of one or more for every 200 families, to ascertain, once every quarter, how many families accept each of the standards and how many actually practise them. Written undertakings may be obtained from heads of families, if they have no objection.

(6) The Committee should collect statistics of progress every month in the form given in the appendix and send a quarterly compilation thereof to the Central Committee, in the month following the quarter.

(7) An annual report dealing with the number of meetings held, enumerators appointed, funds collected, lectures delivered, leaflets distributed and progress achieved should be drawn up and a copy sent to the Central Committee, in July every year.

The names of all persons who contributed to the work, in however small a degree, should be specified in the report.

(8) The Committee should maintain a list of all persons interested in social and civic work in the local area.

(9) It should organize an Association of such persons and convene a meeting of the Association once a year, soon after the end of June.

(10) A statement of the accounts, a report of work done in the previous year and the programme of work proposed for the succeeding year should be placed before the Association at its annual meeting.

(11) The Committee should endeavour to collect funds (*a*) by donations, (*b*) by means of subscriptions from the members of the local association, at the rate of not less than Rs. 2 per year, (*c*) by applying to the municipality

CIVIC AND SOCIAL WORK.

I.—Outlines of Organization.

A.—Central Organization.

The organization of the Central Committee should be as follows:—

(1) The headquarters of the Committee may, for the present, be at Mysore.

(2) The Committee should be composed of a President, a Managing Vice-President, a Managing Secretary, two Joint Secretaries and six members, one of whom will be Vigilance Member.

(3) The Committee should meet at least once a month.

(4) It should draw up a detailed programme of work for each year, in advance.

(5) It should maintain an accurate printed record of the names of gentlemen interested in civic and social work throughout the State.

(6) It should organize an Association of persons so interested and convene a meeting of the Association twice a year in Mysore, at the time of the meetings of the Representative Assembly.

(7) A statement of the accounts, the report of work done during the previous year and the programme of work proposed for the succeeding year should be laid before the Association at the Dasara Meeting.

(8) The Committee should endeavour to collect funds (*a*) by donations, (*b*) by means of subscriptions, at the rate of not less than Rs. 3 per year, from the members of the Association, (*c*) by applying to Government for help, and (*d*) in any other manner which may be found feasible.

(9) It should organize a Local Committee in each of the unit areas in order to promote the objects in view.

(10) It should prepare correct standards of work for the guidance of Local Committees.

(11) It should prepare and publish consolidated statistics of progress in the several unit areas and review the work done once a quarter.

(12) It should prepare an annual record of the year's work done by the Central as well as Local Organizations. The names of all persons who have contributed to the work in however small a degree should be specified in the report.

N 5042 Civic & Social Association
Mysore, Dec 29, 1917

My Dear Sir,

The Civic and Social Activity business is going on satisfactorily. It can be made more satisfactory if a properly qualified man who can have his heart in the work and who is enthusiastic in the matter can be placed at our disposal for at least a year. Mr. V. N. Narasimha Iyengar thinks that it would be better to have a more sober and experienced gentleman to help us. He thinks that youngmen fresh from the College would make many blunders which sober men would avoid. He is of opinion that Mr. T. Hanumantha Row, B.A., B.L. Acting Assistant Commissioner, would be a tower of strength to the Association if his services are lent to us. He has

in regard to the work of the Civic and Social Progress Association. Mr. Venkatakrishniah says that he requires financial aid to proceed with the work and that he has applied to Government for it. I think it desirable to give him once for all a definite idea as to how much aid he could expect from Government.

A monthly report has been called for showing the work done and the progress achieved during each month.

His Highness the Yuvaraja wishes to have an idea of the work done, if any, up to date in respect of the several - subjects referred to in my letter to you dated 10th July 1917 and will be glad if you will kindly furnish him with an account of it. At the same time, His Highness wishes to know what endeavours are made to bring into operation the revised arrangements referred to in the proceedings of the Association Meeting dated 30th October 1917 and what work, if any, has been done under those arrangements

An early reply is requested.

Copy of letter No.129 dated 5th December 1917 from Mr. Venkatakrishniah to the Private Secretary to H. H. the Yuvaraja of Mysore.

I beg to acknowledge, with thanks, your letter of the 27th November 1917, in reference to the operations of the Civic and Social Progress Association, Mysore.

2. I beg you will be so good as to inform His Highness the Yuvaraja , with the respects of the Central Committee, that - after the initial meeting of the 30th October, the Mysore Central Committee met again in order to sent in motion the various agencies at our command, in furtherance of ovowed objects.

3. An appeal was made to Government for deputing to our work Mr. G.R.Josyer, now employed in the Education Department in the Mysore City as our whole time Secretary and to grant for our - purposes a lump sum donation of Rs,5000/- and a monthly subscription of Rs.200/-. No answer has yet been received. His Highness will, I am sure, perceive that work of the kind esposed by us cannot be - carried out without a suitable and competent agency.

4. In the meantime, attempts have been and are being - made to enlist the cooperation and active help of many of our - College and High School students as volunteer enumerators for a - census, as contemplated in the extended programme. A form for their adoption is under preparation.

5. Certain leading gentlemen in the town noted in the margin have agreed to start unions in their respective centres and to carry out therein the measures we have in view.

7. Mr. Singri Nanjappa, Tiptur.
8. Messrs.Ranga Rao and Raghavendra Rao Davangere
9. Mr.Upadya Srinivasiengar

6. It may not be amiss to add here, in special allusion to subjects No.1 and 2 of the revised programme, that, the Depressed Classes Mission, which had existed before the Social and Civic Association was conceived, is progressing satisfactorily, and that many of the inmates of our Holageries have taken the pledge to abstain from drink. The Dewan also inspected the most important of these schools the other day and was evidently pleased with the measure of success so far attained.

Copy of letter 161 dated 17th December 1917 from this office to Mr. Venkatakrishniah, Secretary, the Civic and Social Progress Association.

Adverting to the correspondence ending with your letter No.129 dated 5th instant, I am directed to observe that no information has been furnished about the work done by each of the several Sub - Committees constituted in August last exceptas regards activities (1) and (2) viz. elevation of the depressed classes and temperance. The proposals contained in the printed note which were approved and adopted at the meeting of the Association held on the 30th October are - believed to be supplementary to those approved and adopted at the meeting of the 5th August. The subjects referred to in that note fall under one or other of the eight subjects to work up which the Sub-Committees were appointed. It is not understood why pending the - orders of Government on the reference made as regards funds, the Sub - Committees should not meet and discuss the details of work to be done and chalk out clearly the modus operandi and also why an attempt should not be made to enlist the cooperation of the public and collect - subscriptions from them. I am to request you to be so good as to state whether the Sub Committees are still in existance and if they are, why they have not been meeting or showing signs of activity.

An early reply will oblige.

GOVERNMENT OF MYSORE

CHAMUNDI VIHAR,

MYSORE.

489. Copy

29th December 1917.

My dear Sir,

I am directed to acknowledge the receipt of your letter dated 23rd instant regarding the progress of of work of the Civic and Social Progress Association. His Highness the Yuvaraja desires to know whether in accordance with resolution 4 of the Proceedings of the meeting held on the 30th October 1917, Local Committees have been formed and if they have been, who the members of those committees are.

As already observed in my letter to you dated 17th instant, the subjects referred to in the printed notes accompanying the proceedings of the meeting held on the 30th October fall under one or other of the eight subjects to which the activities of the Association were resolved to be restricted at the meeting held on the 5th August . The first of the subjects mentioned under the heading "Standard of Works" in the printed note , "Reform of Social Customs", falls under group (2) of the eight subjects and the second "promotion of cleanliness, order and sanitation" under group(4). The 3rd and 5th subjects "promoting business morals and habits of industry and cooperation" and "Promoting Art, Literature &c." may be taken as coming under group (3).

His Highness realises the force of your argument that without sufficient financial aid, no headway can be made as regards the work of the Association. It is understood that orders will shortly be issued on your application to Government for funds. But in the meantime, His Highness thinks that a programme may be prepared laying down

clearly and definitely the work to be done during the next six months and the lines on which it is to be proceeded with and that the several Sub Committees or any three members thereof may be made responsible for preparing the same within a definite time. I am to suggest the the following as being a few of the items which may well engage the immediate attention of the Sub - Committees or the members as the case may be.

(1). All the Sub Committees. (a) Preparing a list of persons interested in each of the several subjects with a view to secure their cooperation; (b) selection of persons for propogandistic work, that is, writing out leaflets and delivering lectures. In regard to marriages, funerals &c., a person learned in the Shastras may perhaps be thought of to write out a leaflet or a small pamphlet indicating which are the most essential ceremonies enjoined by the Shastras and how the - expenses may be curtailed.

(2) Sub Committees for housing the poor and for their general amelioration, and for reducing litigation. (a) Preparing a scheme for housing the poor; (b) measures for relieving the poor of their indebtedness, by starting cooperative societies and in such other ways as may be suggested, how many such societies may be started during the next six months and among whom and in what specified localities; (c) methods of augmenting the income of the poor and relieving them from distress and the means of popularising those methods; (d) establishing Panchayets for settling disputes and thereby reducing litigation.

(3). Sub Committe for the promotion of physical culture and for personal hygiene and sanitation. (a) In what ways besides propogandism, such as starting new gymnesia and improving the existing ones &c., physical culture may be promoted and how many of them may be started during the next six

months and in what localities; (b) in what localities the measures suggested in the printed note for the promotion of of cleanliness, orderliness and sanitation will be adopted during the next six months.

I am to add that the aid which may be expected from Government and the municipal or local body will be only in addition to what may be collected by public subscriptions and that it behoves us to make special efforts to collect the same. I am to request to be informed what endeavours are being made for collecting them and how far they have been successful.

I am further to request that till the work of the Association is well established, a monthly report showing the work done and the progress achieved during the month be sent for His Highness' information before the 10th of the following month.

The statement appended hereto shows at a glance the agencies for work, the subjects to which the activities of the Association are proposed to be restricted for the present and the suggestions made regarding the immediate action to be taken by the Sub Committees.

A copy of the proceedings of the Central Committee meeting held in November last may kindly be sent for His Highness' perusal, as no copy thereof has been received in this office.

Yours sincerely

Sd. K.Mylar Rao

M. Venkatakrishniah, Esq.,

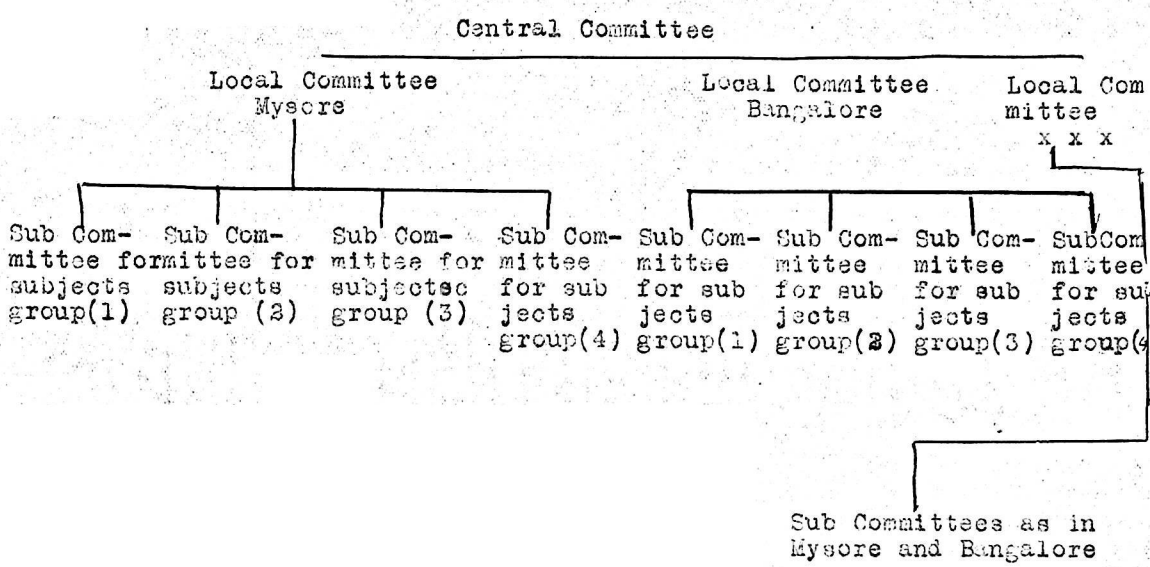
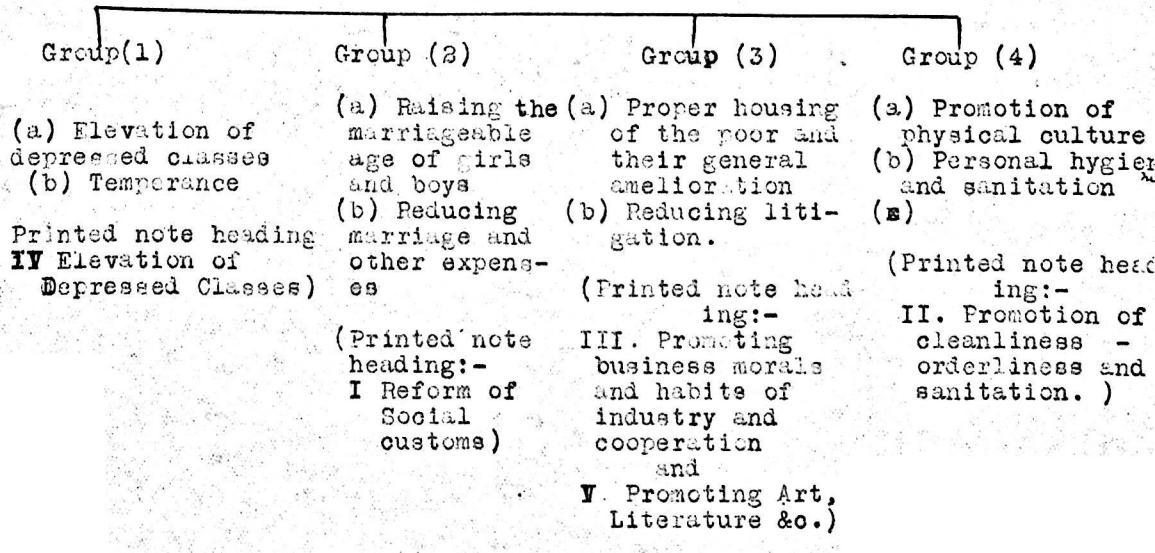
Civic and Social Progress Association.





<u>A few suggestions regarding the immediate action to be taken by the Sub Committees:-</u>

<u>All the Sub Committees.</u>

(1) Prepare a list of persons interested in each of the several subjects.

(2) Select persons for propogandistic work, that is, writing out leaflets and delivering lectures.

Sub Committee for subjects group (3)

(1) Preparing a scheme for housing the poor
(2) Propose measures for relieving the poor of their indebtedness, such as starting cooperative societies &c.
(3) Suggest methods for augmenting the income of the poor and relieving them from distress
(4) Establish Panchayats for settling civil disputes

Sub Committee for subjects group(4)

(1) Start new gymnesia and improve the existing ones and suggest other measures , if any, for promoting physical culture.
(2) Suggest the localities in which the measures suggested in the printed note for the promotion of cleanliness, orderliness and sanitation will be adopted during the next six - months.

D. O. No. 5409

My dear Sir,

The Dewan duly received your letter of the 29th December regarding the needs of the Civic and Social Progress Association. He left Bangalore last night to Northern India and could not acknowledge your letter himself owing to pressure of work. He asked me to inform you that such action as is possible is being taken in the matter.

Yours sincerely,

Sir,

In reminding you of my letter dated 15th November, 1917, on the subject of certain desiderata for carrying into effect the programme laid down by a general meeting of the community at large for Social and Civic advancement, I have the honour to urge, on the Government the necessity for sanctioning at their early convenience the concessions and help applied for.

2. It is needless for me to emphasize the urgency of the matter We have an ambitious and ramified outline of work, extending over the whole of the Province; and not even a fraction can be accomplished with the expected efficiency and despatch without adequate resources in the shape of funds and men. Most of the members of our committees, local and central, find it impossible to devote all their time to the operations in contemplation. The requisite establishments have to be put on, while the nature of the work itself demands insistant and unceasing iteration. Further it is expected that periodical progress surveys should be rendered twice a year, besides monthly reports in order to prove that the committees have not been lax.

3. Moreover, in the matter of the amelioration of the depressed classes, the Mission concerned in this branch of our Social and Civic activities has been hitherto dealing with the Panchams of the

Mysore

59 64

Mysore City only; the means at its disposal being too poor and inadequate for lateral expansion. To make even a fair impression on the vast Panchama masses throughout the country, men are required, equipped with enough means, to itinerate the Taluks, rouse these peoples from their traditional and immemorial soporiferous lethargy, and canvass the establishment of schools, with local contributions as far as possible. In the estimation of the Committee, this branch alone of the social activities will suffice to tax the energies and vigilant application of a many sided individual as secretary.

(1) Mr. T. Hanumantha Rao, B.A., B.L., Ag Asst Comm.
(2) Mr. S.N. Srinivasaiah Shetti Ag. Economic Supt.
(3) Mr. Muddaiah Kiranappa, B.A. Ag
(4) Mr. T.S. Raghava Chari Ag
(5) Mr. Hakbar Ahmad, B.A., Inspector, Co-operative Soc. Ag.
(6) Mr. Surayya, B.A.,

4. In accordance with the resolution passed at the meeting of the Association held on 4th January, 1918, application has been made for the deputation of Mr. T. Hanumantha Rao, B.A., B.L., Ag. Asst. Commissioner as our whole time secretary. No orders have yet been passed in the matter. The Central Committee is of opinion that he would be a ~~tower~~ source of strength to the Association if his servides are lent. He has made a special study of civics and many of the civic and social problems would be solved. He ~~would~~ will proceed on the lines of least friction. If his services cannot be spared the Cerntral Committee desire to suggest the marginal names, who may be deputed for the execution of its operations with efficiency. Having put our hands to this work, which when materialized is certainly susceptible of conducing to the permanent well-being of the body politic at large, we do not wish to hide from ourselves its magnitude and the undeniable requisites indispensable for its effectual execution. If we fail to ~~ask~~ ask for what are the bare necessaries, we will not deserve condonation for unavoidable failure. It is possible that we have taken up more than we can perform, but a genuine and unselfish attempt is preferable to ignominious failure from non feasance.

5. I am to solicit therefore that you will be so good as to move the Government to be pleased to place at the disposal of the Cerntral Committee the funds already applied for, for a start, and a few of the officials named in the para above. Our budget of operations resolves itself to 5 major divisions viz., (1) Elevation

of

55 - 65

of the Depressed Classes and Temperance, (2) Reform of Social Customs, (3) General amelioration of the poor and reducing litigation, (4) Physical culture and personal hygiene and sanitation and (5) Promoting, Art, Literature, Science, Etc., and if each is ~~named~~ manned by an efficient secretary or manager, who is not averse to the tension, and who can keep going the local branches ramified as they are all over the State, it is not extravagant to predict that our labours will moderately fructify in the near future. I venture to invite the special attention of the Government to this aspect of the subjec

6. May I also take the liberty to request that you will place the matter for early disposal before the Government.

I have the honour to be ,

Sir,

Your most obedient servant,

Dear Mr. Krishna Rao,

You are perhaps aware of the formation of a Civic and Social Progress Association in Mysore last year under the Presidency of His Highness the Yuvaraja. There is an idea of deputing an officer for the purpose of properly organising the work of the Association and your name as well as the names of several other officers are being considered in that connection. Could you kindly tell me, for the information of Government, whether you would be prepared to undertake the work in case you should be selected. Nothing of course is yet settled and I am consulting quite informally.

My dear Balasundaram Iyer

I am in receipt of your letter of the 16th inst. about the proposed deputation of Mr M. Rama Rao (D.S.P. of Chitaldrug) for civic & social work. Mr Rama Rao is one of my good officers whom I can ill afford to spare from his Department, and I shall therefore deem it a great favor if his Government can see their way not to disturb him from his place for the present. Letter No. 2, dated the 13th November 1917 from the Managing Vice-President, Civic and Social Progress Association, Mysore, making certain requests for assistance from Government on behalf of the Association.

Order No 1506-9/EAG 219-17. Dated 2/3/18

The Civic and Social Reform Association, Mysore was started in October 1916 on the initiative of a few earnest workers with the object of advancing the cause of civic and social progress in the State by wide propaganda work. The Association has its headquarters at Mysore and His Highness the Yuvaraja is the President.

2. During the short period it has been in existence, the Association has done some amount of useful work, necessarily of a tentative and preparatory character, and a Social Conference, the first of its kind in the State, met under its auspices in June 1917 at Mysore. The activities of the Association are at present confined to the cities of Bangalore and Mysore, but it is proposed gradually to extend ~~the~~ operations to other centres and some local associations have already been formed with this object in a few mofussil ~~places.~~ towns

3. Though thus a beginning has been made, the work has not proceeded as rapidly as might

desired owing to lack of funds and a trained and serviceable staff. In the letter read above, the Association requests that the services of an officer of Government may be placed at its disposal, and that an initial grant of Rs.5,000 as well as a recurring monthly grant of Rs.200 may be made, in order to enable the Association to carry on its activities.

4. In view of the importance of the work of the Association and the need for some support at the beginning, Government are pleased to lend the services of Mr. M.Rama Rao, acting Assistant Commissioner, to the Association for a period of one year, to act as Secretary and bring the work of the Association into an efficient condition. Mr. Rama Rao will draw his grade pay as acting Assistant Commissioner and a local allowance of Rs.75 per mensem as well as travelling allowance at the usual rates. The pay and allowances will be borne by Government, as a special case. Government are also pleased to sanction a monthly grant of Rs.200 to the Association for a period of one year, as well as a non-recurring grant of Rs.5000 for initial expenses connected with the work.

5. The duties of Mr. Rama Rao should be defined with the approval of Government and he should be asked to submit a report of his work every month to the Chief Secretary to Government, by whom also his travelling allowance bills will be countersigned. Copies of the proceedings of the Association and an extract of its bi-monthly accounts should be regularly submitted to Government.

6. The source from which the expenditure sanc-
